September 28, 2020

Dear Friends,

The Alzheimer's Center at Temple University Lewis Katz School of Medicine is participating in this year's Walk to End Alzheimer's event, which is organized by the Alzheimer's Association. The virtual walk will be held on November 14th. Together, we are raising funds to help in the support, research, and care of Alzheimer's disease. We are writing to ask you to help our Center in this effort as generously as possible. Rest assured that any amount you give will make a huge difference.

Here is how you can help us:

- (1) **Join our team** and start spreading the word to help us reach our fundraising goal
- (2) **Donate to our team** and share our page through social media

You can access our fundraising page through the following link: https://act.alz.org/site/TR?fr_id=13790&pg=team&team_id=651756

Together with the entire team of the Alzheimer Center at Temple, we wish to convey our thanks and heartfelt gratitude to all of you who will be supporting this initiative. Please remember that we will never find a prevention or cure unless we stand united and engage more people in the fight against Alzheimer's disease.

Sincerely,

Domenico & Silvia
