

Philadelphia

<http://www.phila.gov/Pages/default.aspx>

It is the fifth-most-populous city in the United States with an estimated population of 1,526,006. Philadelphia combines the excitement of a major cosmopolitan area with the warmth of a friendly small town. Philadelphia is a city of small but vibrant communities that come together to create a diverse and lively metropolis. It is these neighborhoods that create Philadelphia's homey feel, and serve as good reference points for demonstrating all that the city has to offer.

Philadelphia embodies a network of neighborhoods whose people and landscapes vary both within and between the localities. Variety also extends into the regions' schooling options. The large collection of private, parochial and charter schools in Philadelphia give residents numerous choices when considering educational options.

Montgomery County

www.montcopa.org

Montgomery County spans 487 square miles, and its more than 778,000 residents make it the second most populated county in the region. Montgomery County is the kind of place where everyone fits since urban, suburban and rural settings are scattered throughout the area. The area attracts businesses due to its accessibility and families flock to the area for the lifestyle. Bala Cynwyd, Bryn Mawr, Villanova and Wynnewood are communities just west of Philadelphia, and they are all part of the elite "Main Line" (named for their location along the region's main rail line). The commute to Temple can range anywhere to 20 minutes to over an hour and ½ depending on how west you live in the county.
